[TOKYO, JAPAN – August 19, 2021] Mobile game developer and publisher AIDIS Inc. has released the long-awaited second story arc for their highly rated smartphone RPG Last Cludia on August 19, 2021.

After a fierce battle with the God of Ruin, Last Cludia's main character Kyle and his friends find themselves thrust into a completely new adventure. What kinds of thrilling and fun situations could await the party in this strange new world?

Additionally, the new unit *Leona, Princess Punch*, and the new ark *Saika Guild* have also been released. The new unit has an important role in the second story arc, so be sure to see what kind of power she can put out!

Leona, Princess Punch (Voice: Atsumi Tanezaki)

Leona is a high-speed Earth attacker who deals heavy damage with each of her powerful blows! By continually using skills, she can build up her Ki Charge. As her Ki Charge increases, the damage of her attacks and Special greatly increase! Additionally, her skills quickly close the gap between her and her enemies, allowing players to quickly take down enemies with exciting gameplay and flashy attacks.

Her unique skill, Graphel Claw Technique, boosts her physical damage attack power when a claw is equipped, while her other unique skill, Verdant Stance, increases her critical rate and damage cap based on combo hit count.

Ark Saika Guild (SSR)

This ark has stats that focus on physical attacks, and its ark attributes boost stats for soldiers, knights, sorcerers, and snipers. It also has a variety of attack and support related skills that can be learned, making it a powerful ark for any damage dealer!

This ark's Ark Attributes add STR to Soldier types, DEF to Knight types, INT to Sorcerer types, and critical rate for Sniper types. A unit can gain all these effects if they have all these types! What's more, for every living ally that shares no types with the unit, the unit's break value gains +50%.

This ark also has many useful skills for units to learn. It has both Mimicry [Soldier] and Mimicry [Sniper], to add new types to units. It also has the physical attack boosting skills Savage Strike, which slightly reduces accuracy of physical attacks but greatly increases physical attack damage, as well as Doppelhander, which, boosts physical attack damage +20%, critical rate +10%, and physical attack damage cap +5000 when the only weapon equipped is one sword!

*Leona, Princess Punch and Saika Guild will be available from August 19, 2021, post-maintenance until September 1, 2021, 11:59 pm (PT) in the Descent of Heroes festival. For details on this gacha, see the in-game notice. The Saika Guild ark will also be available in the regular gacha pool.
